

with love...

A creative sendoff to keep you inspired until we meet again.

Soon spring flowers will dot the landscape outside our windows (if they haven't already!), but what if you could share cheerful paper flowers with a friend to celebrate a happy day? These pretty flowers were created with cardstock and dies, and they make us so happy! Amy Yingling made this stunning dimensional creation using beautiful products from The Stamp Market.

DESIGN TIP: Amy used warm colours pink, orange, and yellow for her flowers with pretty green foliage. You could always switch up the palette to match the occasion.
