

with love...

A creative sendoff to keep you inspired until we meet again.

Paint the town red or any colour you like! There's such a vibrancy to summer; it's almost as if the air vibrates with colour! Embrace the rainbow with this inspiring (and practical!) project created by Stephanie Klauck. You can create this colourful dry erase calendar for very little cost with a few punches (or dies), paint swatches, and a simple frame. You'll be organized and fabulous, and there's nothing better than that!

DESIGN TIP: Never leave a paint store without a few paint swatches—they make for some great projects! Most paint swatches come with the paint name printed on the front. You can die cut that portion so they're visible on the finished project, or you can simply die cut the solid area.

DESIGN TIP: Creating an ombre design is super easy because paint swatches already come with the different shades of each colour family. Stephanie used two paint swatches that coordinate for each row, which provided 10 colour options for her project.
