We can't wait to share an amazing tool we scouted out at our annual trade show in Phoenix!

The Works All-in-One Tool from We R Memory Keepers is a must-have for any crafter! This single platform makes cutting, scoring, stamping, and bow, tassel, and envelope-making a breeze, allowing you to have one tool instead of several taking up your creative storage space. *Scrapbook & Cards Today* design team member Meghann Andrew got the chance to experiment with this versatile tool, and she has some fantastic ideas and tips about how to make the most of it.

GETTING TO KNOW THE ALL-IN-ONE TOOL

The Works All-In-One Tool comes with a manual that shows easy, step-by-step photos for each possible item created with the platform. Store the manual with the tool for quick reference. Check out the We R Memory Keepers YouTube channel as Aly Dosdall shows you how to use each feature of this amazing tool. [youtube.com/user/WeRMemoryKeepers](https://www.youtube.com/user/WeRMemoryKeepers)

Save space in your craft space. The Works All-In-One Tool combines over a dozen must-have tools in one convenient design. You'll find it doesn't take up a lot of space, and the necessary accessories are cleverly stored within the tool itself. Plus, it's lightweight!

Create an entire party ensemble. Planning a party? The All-In-One Tool will let you create party ambiance with tassel, pom-pom, and banner options to let your creativity shine no matter your party's theme.

Add extra pizzazz to your gift wrapping. Up your wrapping game with handmade tags, tassels, pom-poms, and bows that you can create with the tool. You'll be amazed with the myriad of options you'll have at your fingertips.

GET TO WORK CREATING!

- 1 **Scoring.** The scoring feature is perfect for simple score lines to create cards or more intricate, repeated lines that you might use to create the perfect rosette or other custom embellishments!
- 2 **Trimming.** The tool includes an extension guide that allows you to trim larger than 12 x 12, but the beauty is that it folds into the tool to take up less space.
- 3 **Stamping.** The stamp platform attaches to the top of the board with magnets and makes stamping clean lines a breeze! Your paper will sit on top of the scoring board, but don't be worried about the platform lines appearing when you stamp.
- 4 **Envelopes.** Creating your own envelopes is easy with the guide (which stores conveniently on the side of the platform). Use the guidelines that match with the chosen dimensions of your envelope to score and punch your envelope.
- 5 **Tabs.** Get organized with the tab option you'll find in this tool. You can create your own file folders or tabs for journals, planners, or mini albums.
- 6 **Tags.** Knock out lots of gift tags with the tag maker. You'll find a convenient hole punch and easy to use guide for cutting perfect angles.
- 7 **Tassels and bows.** Tassels and bows are the perfect addition to a tag or mini album. The pegs used for both the tassel and bow maker store conveniently in a slot on the side of the platform.
- 8 **Pom-poms.** Perky pom-poms add pizzazz to parties and projects, and the All-In-One tool can help you make them in an array of colors!
- 9 **Banners.** A fun banner is easy to create with the All-in-One tool! Celebrate any occasion by topping your banner sections with punched shapes, embellishments from your favorite collection, and letter stickers.
