SMALL STITCHED ENVELOPE DIE BY LAWN FAWN

If you have a gift card or want to create lunchbox notes for your kids or your sweetie, this small, stitched envelope die is a cute way to present the goods. It's 3½ x 2¼ and would be super fun for mini albums and scrapbook layouts, too! lawnfawn.com

Pockets are the perfect way to make a sweet interactive layout.

Each of the vellum pockets Nathalie fashioned holds a wish for her daughter. The pockets are arranged in a grid layout with the two photos rounding out the lower level of the grid. Three brightly coloured floral clusters take the eye around the layout and soften the otherwise hard edges of the grid design.
