# with love...

A creative sendoff to keep you inspired until we meet again.

We've been watching Aurélie Cormier create paper flowers on Instagram, and we knew we wanted to share her talent with you! She was introduced to paper flower making via Chantal Larocque with Paper & Peony. We featured a bouquet by Chantal in our Fall 2019 issue! In Aurélie's words, "Paper flower arrangements make the perfect gift for any occasion, and the sky is the limit once you start creating."

**DESIGN TIP: Google it!** Once you decide what flowers you want to create, search for images online and assess what punches, dies, and templates you can use to create them!

**DESIGN TIP: Using 65 lb cardstock is ideal for this type of project** as it is easier to manipulate and shape the petals.
